NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31/03/2013

1. Corporate Information: -

1

\$

Whitehall Commercial Company Limited is a Public Limited company engaged in Finance and Investment activities.

2. Basis of Preparation: -

The financial statements of the company have been prepared in accordance with generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956.

During the year ended 31st March 2013, the revised Schedule VI notified under Companies Act, 1956 has become applicable to the company for preparation and presentation of its financial statements. The adoption of revised schedule VI does not impact recognition and measurement principles followed for preparation of financial statements. However, it has significant impact on the presentation and disclosures made in the financial statements. The company has reclassified previous year figures in accordance with the requirements applicable in the current year.

3. Significant Accounting Policies: -

a) Basis of Accounting :-

Financial statements are prepared under historical cost convention on accrual basis in accordance with the requirements of Companies Act 1956 except otherwise stated. Accounts are prepared on going concern basis.

b) Use of Estimates :-

The preparation of financial statements requires the management of the Company to make an estimate & assumptions that affect the reported balances of Assets & Liabilities and disclosure relating to Contingent liabilities as at the date of financial statements & reported amounts of Income & Expenses during the year. The estimates are based on management's best knowledge of current events and actions. However, due to uncertainty of the assumptions and estimates the carrying amounts of the assets & liabilities may require material adjustment in future periods.

c) Revenue Recognition :-

Revenue is recognised to the extent it is probable that the economic benefits will flow to the company and the revenue can be reliably measured. Sale of goods and services are recognized net of duties & taxes. Expenditure & income are accounted on accrual basis including provisions/adjustments for committed obligations & amounts determined payable or receivable during the year except for Leave Encashment.

d) Tangible Fixed assets :-

Tangible Fixed assets are stated at cost less depreciation less impairment losses. Cost comprises purchase price, capitalised borrowing cost and subsequent expenditure if it increases the future benefits from the existing asset. In case of derecognition of Tangible Fixed Asset, the difference between the carrying amount and disposal proceeds is accounted as gain / loss in the Statement of Profit & Loss.

e) Depreciation on Tangible Fixed Assets:-

Depreciation on Tangible Fixed Assets has been provided on WDV method at the rates & in the manner prescribed in Schedule XIV of Companies Act 1956

NOTES TO THE FINANCIAL STATEMENTS FOR THE YEAR ENDED 31/03/2013

f) Impairment of Tangible & Intangible Assets :-

The company assesses at each reporting date an indication about impairment of an asset. If any indication exists, the company estimates the asset's recoverable amount. The recoverable amount is determined for individual asset. The recoverable amount is higher of the selling price & value in use of the asset. The value in use is estimated on the basis of estimated future cash flows for next 5 years discounted to the present value by using pre-tax discount rate that reflects time value of the money and the risk specific to the asset. Where the carrying amount of the asset exceeds the recoverable amount, the asset is considered to be impaired & is written down to its recoverable value.

Impairment losses are recognised in the Statement of Profit & Loss and the depreciation is provided on the revised carrying amount of the asset after impairment. If the previously recognised impairment losses do not exist or have decreased, the same are reversed and the reversible is limited so that carrying amount does not exceed the recoverable amount.

g) <u>Investments:</u>-

1

•

Investments which are readily realisable and intended to be held for not more than 1 year from the date on which such investments are made are classified as current investments. All other investments are classified as Long-term Investments. On initial recognition, all investments are measured at cost. The cost comprises Purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

Current investments are carried in the financial statements at lower of cost or fair value determined on an individual invesment basis. Long term investments are carried at cost. However, provision for diminution in value is made to recognise a decline other than temporary in the value of investments. On disposal of investment, the difference between its carrying amount and net disposal proceeds is charged or credited to the Statement of Profit and Loss.

h) Current Assets, Loans & advances :-

Current Assets, Loans and Advances are approximately of the value stated, if realized in the ordinary course of business.

i) Retirement and other employee benefits :-

Employee benefits like provident fund, gratuity are not applicable to the company and hence no provision has been made in the accounts. Leave encashment is not provided in the books of accounts but is charged to the Statement of Profit and Loss on payment basis.

j) <u>Taxes on Income :-</u>

Provision for current Income Tax is determined in accordance with the provisions of Income Tax Act 1961. Minimum Alternate Tax (MAT) paid / provided in the year is charged to the Statement of Profit and Loss as current Tax. Deferred Tax — subject to materiality — is recognized on timing differences, being the difference between the taxable income & the accounting income that originate in one period & are capable of reversal in one or more subsequent periods. Deferred tax asset is recognized & carried forward only to the extent that there is a virtual certainty that the asset will be realized in future

k) Provisions, Contingent Liabilities & Commitments and Contingent assets :-

Provisions in respect of present obligations arising out of past events are made in accounts when reliable estimates can be made of the amounts of obligations. Provisions are not discounted to their present value and reviewed at each reporting date. Contingent liabilities & commitments are not accounted but disclosed separately. Contingent assets are neither accounted nor disclosed in the financial statements.

l) Earnings per share :-

The earnings considered in ascertaining the Company's earnings per share are net profit after tax. The number of shares is considered on weighted average basis. For the purpose of calculating dilutive EPS, the net profit attributable to equity shareholders and weighted average number of shares are adjusted for the effect of Dilutive Potential Equity shares.
